### Thank You to Voters

New Mexico State University Library Dean Elizabeth A. Titus extends her thanks to the voters of New Mexico for passing General Obligation Bond B.

She said, "Our state's libraries needed you, and you came through for us. This successful initiative will make it possible for libraries to continue to make a difference in New Mexico communities."

The \$7 million in funding for publicly funded academic, public, school and tribal libraries in New Mexico will enable libraries to update their book and journal collections and subscribe to information databases.

For more information, contact the Library Administration at (575) 646-1508.
