PREFACE

The New Mexico Consortium of Academic Libraries provides a forum for the discussion of common goals and communication among the New Mexico Academic Libraries staff and citizens within our state.

NMCAL libraries share resources, services, and information for the benefit of students, faculty, and search for solutions to common problems.

Key to achieving primary functions is the continuing need for statistical information on academic libraries in New Mexico. This report on 2008 NMCAL academic library statistics contributes to meeting this need and includes the following:

2008 ALS Specialized Tables
2008 ALS Rank Order Tables for NMCAL
2008 ALS Data Tables for NMCAL Libraries

In using this data, the following should be noted:

- ▶ Non-response rates vary from institution to institution and from category to category. A blank indicates data was not reported for a category. Caution should be exercised in using data where non-response rates are high.
- ▶ Definitions for reporting categories are those specified in instructions for the 2008 Academic Library Survey reporting form.
- ▶ The data is published as reported by each institution in the 2008 ALS Academic Survey.

ACKNOWLEDGMENTS
